## Our Mission

## Our Focus

## Awareness

## Alliances

## Advocacy

Literacy for All (LFA) is a movement to end low literacy in Georgia by connecting and convening the Georgia literacy community— linking donors to community partners, and partners to one another—to innovate, champion, and fund multigenerational literacy opportunities.

## END low literacy in Georgia.

### Awareness

### Alliances

### Advocacy

Literacy For All has forged partnerships with the Georgia Chamber of Commerce, Georgia Partnership for Excellence in Education and other public and private organizations to create awareness about the literacy crisis and possible solutions.

LEADERSHIP IN ACTION

By connecting the dots of the fragmented literacy, advocacy and donor communities, LFA is creating momentum for action in communities throughout Georgia.

LFA has convened over 700 stakeholders across the state through community collaborative meetings, the Georgia Literacy Commission (Commission), and Commission pilot sites.

The Commission identified immediately actionable initiatives to be implemented at the community level as well as a broader public policy and funding agenda. LFA is taking the lead to implement.

Join the movement by spreading the word about the literacy crisis in Georgia and investing in literacy solutions at [www.literacyforallfund.org](http://www.literacyforallfund.org).
